Comment(s) or question(s)	<p>This rule is unfair to responsible people that are financially responsible. Especially unfair to older people on fixed income. With new rule my home owners insurance increased just over 25%. I haven't received my notice of how much my auto insurance will be increased. If Washington state government wants to subsidize some people's insurance rates take the funds from their checks, not retired people that have no way to make it up. This new rule is completely unfair.</p>
