Comment(s) or question(s)	<p>AGAINST!! I am a 71 yr old single women who survives by being responsible and having a good credit score. I'm retired with a small limited income and shrinking retirement savings due to inflation and minute interest rates. I don't own a smart phone, have cable TV, or drive a new vehicle so I can live within my means. Yesterday a billing came from Allstate for my auto insurance which showed an increase of \$136.45 since my last payment in May of 2020. The total years increase for home/auto is \$190.80. This has occurred because of Mr Kreidler demanding that the good credit score discounts be removed and I can now help pay for all the irresponsible people in this state. Guess what, I'm being put in the position of having no insurance at all but he could care less. I'm seriously republican and have no use for the democrat's ruling this state. I always vote but it's a waste of time. I was raised in this state but it's time to find a much better place to live.</p>
