Comment(s) or question(s)	<p>As for most senior citizens on a fixed income with an above average credit score, this arbitrary rule change proclaimed by the WA commissioner of insurance has added a significant increase to my insurance costs. Ostensibly this is being enacted to help "people of color" negatively impacted (???) by the CARES ACT on their credit scores. Surely there must be some other way to provide this help, that does not involve penalizing another socio-economic group (i.e. senior citizens) within our population, that is hopefully considered of equal importance in the overall scheme of things.</p>
