## Solicitation for Comments

Comments due to OIC at [rulescoordinator@oic.wa.gov](mailto:rulescoordinator@oic.wa.gov) by July 8, 2022

---

The Office of the Insurance Commissioner is soliciting comments in order to help determine whether rulemaking may be needed for two bills enacted in 2022. One bill, HB 1651 (Chapter 122, Laws of 2022), relates to billing for immediate post-partum contraception. The other bill, E2SSB 5702 (Chapter 236, Laws of 2022), relates to coverage for donor breast milk.

Submitted comments should indicate what type of clarifications, if any, that related rules could provide beyond what was included in the statutory language of these bills. To view that statutory language, see the following webpages:
