Thank you for the discussion today.

As suggested, I reviewed new WAC section 284-43B-027 subsection (2) in the second re-publication and the language is essentially unchanged from previous which mandates a public agency to gift public funds. Disallowing a public agency from collecting the full amount due for a publicly set fee is not allowed by law. There are times when public agencies do accept lesser amounts however, those are usually provided for under a hardship or charity policy set by the administrative board and not for routine practice.
