Subject: Premium change transparency (R 2024-07)

External Email

To whom it may concern:

I understand the comment period for the rule in the subject line is now open.

I am requesting rule Premium change transparency (R 2024-07) include health care insurance providers. Home/Auto insurance is a great start and I'd like to see the same type of premium transparency from the health care insurance providers. Considering the WA State individual health insurance market has, on average, increased 10.7%, 8.18%, & 4.14% for the past 3 years and the WA State small group market has an average increase of 11.9%, 8.02% & 6% over the same time period, the medical insurance market needs to be kept to the same (or even higher) standard than the P&C market. Please include the health insurance carriers in this rule during the next revision.

Thank you.
Matt Childs
