

## APPLICATION FOR REGISTRATION AS A SERVICE CONTRACT PROVIDER

To apply for registration as a service contract provider in the state of Washington, please provide information in the order requested on the application. This Office will examine the application promptly for completeness and compliance as prescribed by Washington requirements.

### **Prior to Submission:**

A "Service Contract Provider" defined under RCW 48.110.020.20, is a person who is contractually obligated ("obligor") to the contract holder under the terms of the service contract. [Chapter 48.110 RCW](#) does not provide for registration of administrators. Failure to meet the legal definition of a service contract provider is grounds for revocation of this registration if issued. Only the registrant has authority under a registration, and this registration cannot be used for wholesale purposes.

RCW 48.110.030(1) precludes any operation or activity as a service contract provider until it is registered. Do not issue any service contracts, solicit, or accept any applications until you receive a registration.

Upon receipt of the Certificate of Registration, motor vehicle service contract providers must submit all proposed forms for approval to our Rates and Forms Division. See our [website](#) for information on filing motor vehicle service contracts.

A \$250 non-refundable application fee is required.

Applications must be complete upon submission. If your application is missing information or documentation, we will allow a one-time extension of 15 business days to submit the required materials. If you are unable to correct the deficiencies within this period, we will deem the application materially incomplete, and you will need to reapply when you can provide all required materials. Reapplications require a new application and application fee. Additionally, the application review process will start from the beginning.

All information contained within your submission is a matter of public record. Marking any material as "private" or "confidential" does not preclude its availability or its status as a public document. See our [website](#) for more information about public records.

### **Application Instructions:**

1. Complete the application, answer all questions, and provide all requested documents. Applications must be completed in full upon submission.
2. Print and have the completed application form signed by an authorized officer and notarized.

The Office of the Insurance Commissioner will accept documents notarized via remote online notarization (RON). See the OIC Notice for the requirements of a compliant RON [here](#).

3. Combine the application, the required supplemental documents, and any cover letter into a single Adobe® PDF document for electronic submission via email.

**NOTE:** All information in this application submission is a matter of public record. Marking any material as "private" or "confidential" does not preclude its availability or status as a public document. See our [website](#) for more information regarding public records.

4. Submit your application:

- a. Address the email to [CLC@oic.wa.gov](mailto:CLC@oic.wa.gov)
- b. The subject line must state: "SCP Application of <your company's legal name>"
- c. Attach the PDF and send it.

We acknowledge applications upon receipt.

**Registration Process:**

- Applications are assigned to analysts in the order received. Once assigned, the analyst will reach out to the contact identified in Question 8.  
If correspondence should be directed elsewhere (or if an additional person should be contacted), please include their contact information in your submission.
- If your company does not meet the financial requirements to register per RCW 48.110.078(1), the review will cease, and the application will be closed.
- If all deficiencies are cured, and the company meets all requirements for registration, a Certificate of Registration will be issued by email.

Concurrent with the submission of the application email, remit payment to:

**Important!**

To act as a legal service contract provider in Washington, you must hold a registration issued by this Office.
