Comment(s) or question(s)	<p>Regarding this "emergency" ruling ... it certainly has impacted seniors severely. I've talked with neighbors and one couple had their car insurance go up by \$500 and their house insurance was doubled. Now to me that is an "emergency" only going the other way. I have not received my personal bill yet since it is due in January, but as a senior, we are being impacted by high inflation and now this. We've worked and saved all our lives to have provision--now, it's going fast. Property taxes continue to go up rapidly because our houses continue to be valued higher. It has to end! This rule needs to be discarded and thrown away. Everyone needs relief -- no matter what their skin color (as indicated in the ruling). So sad.</p>
